The city council, every member of

which is a Democrat and an advocate

of waterworks and electric light, is

coming in for a large share of abuse

from Andy Sagers and his few fol-

goes on minding its own business and

carrying out the will of the people,

while Andy is bound to travel the road

ACCORDING to a statement published

CONGRESSMAN STORER has intro-

duced a bill appropriating \$100,000 for

a survey of canal routes between To-

ledo and Cincinnati, especially with

reference to deepening the canal to

30 feet with a width of 150 feet.

No country ever yet perished as a

result of hard times. Signal.

That is rather a broad assertion,

and no doubt is merely jumped at.

It may be true and may not, but say

it is true, there is still but little com-

fort in it for the poor fellows who

have lost their all through the in-

iquitous legislation of the Republican

party for the past quarter of a cen-

tury and its fostering of a high pro-

tection tariff system—the main cause

of the hard times.

Or all the disgraceful legislatures

the State was ever infested with, the

one which closes its labors this week

takes the persimmons. It has been

most worthless and trifling, and at

the same time corrupt to the core.

Jobs and bribery have been its chief

stock in trade, and extravagance one

of its pets. It has been the scene of

more disgraceful proceedings on the

floor, indulged in by members almost

wholly on the Republican side, than

were ever before witnessed in the

legislative halls of the State. Two

disgraceful exhibitions were given

Thursday, one in the senate and the

other in the house. In the senate Mr.

S. C. Ohi, the Republican member

from Trumbull county, arose in a

towering rage and excitedly called

both Attorney General Richards and

a newspaper correspondent infernal

liars. In the house was another scene,

which occurred when the bill author-

izing the Hocking canal steal came

up. Representative Griffin, the Lu-

cay county boss, denounced his Re-

publican colleague from Athens coun-

ty, Mr. Sleeper, as a liar, when Mr.

Sleeper stated that he had been ap-

proached by an attorney with an of-

fer of \$5,000 cash and all his expenses

to withdraw his support from the bill.

These are only two of many such dis-

graceful scenes that have character-

ized the legislature which has just

closed its labors. The people will

probably take a hand in a scene this

fall, which will prevent the State from

being further disgraced by Republi-

can heifers and boulders.
